PQ Monitor App New Contact Form

Salesperson Name	
Salesperson Company	
Salesperson Email	
Badger Meter Contact	

This form is required to set up an account to associate all PQ-200w test devices and test data with the specific customer account and to set up the account to manage its users. **COMPLETED FORM IS REQUIRED WITH ALL FIRST TIME PQ-200w ORDERS AND MUST BE SUBMITTED WITH PURCHASE ORDER.**

The PQ-200w water quality tester device connects to the PQ Monitor Application (App) to collect and manage water quality data. Each PQ-200w tester uses a cartridge that performs a specified number of tests within a defined time period. Upon the expiration of a cartridge and/or consumption of available tests, whichever occurs first, a new cartridge must be ordered. All testers and cartridges are shipped direct from the Utah factory in the U.S. based on received customer purchase orders (POs).

NOTE: The original PO should be written to include a tester and a year's supply of cartridges.
